

## **WEEK TWO: Dream-teller**

**Big Idea:** God blows our minds.

### **HANGOUT**

1. Discuss: What's something you've seen that totally amazed you (e.g., a science experiment, something cool in nature, or someone's awesome skill)? Why does it blow your mind?
2. (Optional) Do a cool trick or science experiment with the kids.

### **HEAR**

3. Look up and read Daniel 2:19-23.
4. Discuss:
  - Why do you think Daniel praised God?
  - What did Daniel say when he praised God?
  - When do you praise God? What do you say?
5. Pause for a moment of praise together. Simply say thanks to God for the amazingness of who he is and what he has created!

### **HUDDLE**

6. Discuss: Has God ever blown your mind? For example, God may have answered a prayer in a very real way. Or maybe you saw a beautiful sunset. Describe your experience. What did you think or say?
7. Lead the kids to pray to God about that moment and what it meant to them.

**Draw a picture of the last dream you can remember having. When you're done, ask someone to guess what the dream was about. (Were they close?) Explain what it was actually about. How could Daniel have possibly known about the king's dream if it wasn't for God?**
